Hi. I'm Marie and I live in Geneva, Switzerland. I live with my parents, my sister Pascale and my brother Jean. My parents aren't strict but we have to tidy our rooms and help in the house. Pascale often vacuums the carpet. I sometimes do the washing up and Jean usually lays the table!

Switzerland is a beautiful country with hot summers and long, cold winters. It's always cold and snowy in the winter. The official languages in Switzerland are French, German, Italian and Romansch. In Geneva we speak French. Geneva is a great city. There are some great shops and lots of restaurants and cafés. My favourite food is chocolate. Swiss chocolate is fantastic! I like meeting my friends in town at the weekend in our favourite café. We often drink coffee and eat cake. Sometimes we go shopping or hang out together in the park. My

favourite sports are tennis, skiing and skating. In the summer, I play tennis every weekend and in the winter I usually go skiing or skating once a week.
